### 2023 - 2025: Global AI Quality Planner, Microsoft

As AI Quality Planner to Commercial Presales digital transformation, I led the design and implementation of a scalable AI quality monitoring framework to evaluate and improve the performance of AI-powered virtual agents across multiple modalities (chat, voice).

#### Framework Development & Strategy

- Designed and launched the AI-Driven Quality (AIDQ) framework to assess bot performance across observable actions.
- Developed a taxonomy for failure types and conversation themes, enabling structured insights into bot behavior by customer persona, intent, and product.

#### Data-Driven Monitoring & Reporting

- Built and maintained Power BI dashboards to visualize quality scores, customer satisfaction, resolution rates, and abandonment metrics, enabling real-time quality tracking and decision-making.
- Led transcript reviews and labeling efforts to embed Human Feedback into reinforcement loop.

#### Cross-Functional Collaboration & Governance

- Orchestrated the AI Frontdoor Bot Quality Workstream, bringing together planners, engineers, and analysts to align on taxonomy, reporting needs, and validation protocols.

- Facilitated Reinforcement Learning from Human Feedback (RLHF) loops and intake reviews to continuously refine bot behavior and improve user experience.
- Delivered strategic insights and weekly quality reports to engineering and planning teams, influencing roadmap decisions and automation priorities.

### ***2018 - 2023: Asia Regional Planner Company (Demand Gen), Microsoft***

My role spanned multiple geographies including APAC, GCR, and ANZ as a key contributor to the Lead Management and Routing Automation strategy, working across digital sales teams, channel partners teams to optimize presales engagement and improve lead qualification outcomes.

#### **Measurable Impact**

- Contributed to a 75% Sales Qualified Opportunity conversion rate in China, significantly above the WW average of 48%.
- Led the launch of new markets like Singapore and New Zealand, where Singapore achieved a 100% Sales Qualified Opportunity conversion rate during its initial rollout.
- Reduced lead disqualification rates across Asia by refining lead quality and routing logic, with China contributing 55% of all wins in the region.

#### **Sales Process Design & Execution**

- Led the analysis and normalization of pipeline-to-SQO ratios, filtering out anomalies like \$0 pipelines and oversized deals to establish accurate baselines for each market.
- Enforced QA protocols for lead templates, ensuring agents followed correct qualification procedures and links, which directly impacted KPI tracking and win attribution.

#### **Incentive Framework Development**

- Designed multi-tiered incentive structures and scorecard-based incentive model for both individual and group performance, integrating metrics like Opportunity conversion rate, Top Box (TB), Bottom Box (BB), survey volume, and other work attitude.

### ***2014 - 2017: Asia Commerce Technical Advisor & Asia Service Delivery Manager (Demand Gen), Microsoft***

- Smoothly landed Presales and Retention team in WUXI site with quality readiness delivered to supplier Wicresoft.
  - a. Led the development and execution of a comprehensive new hire training program, preparing team members to manage complex customer escalations and deliver high-quality support.
  - b. Built and maintained a centralized knowledge base of product and process documentation to accelerate resolution times.
- Lead Wicresoft vendor team to conduct great customer experience in Commerce, Presales and Retention in Asia. 0 complaint received from stakeholders in presales and retention field and with outstanding Customer Satisfaction survey result with 92% of Top Box Score vs. target 75%.

### ***2012 - 2014: APGC Escalation Engineering Tech Lead, Manpower [Microsoft Outsourcing]***

- Microsoft Office 365 commerce support, covering Tier 1, Tier 2, Tier3 and team lead roles, gaining full-spectrum visibility into customer support operations.

- Enforced commerce engineering escalation protocols, ensuring timely triage and resolution of critical issues by coordinating with relevant engineering teams.

### *2011 - 2012: SEM Agent, Shanghai Bachale Advertising*

- Work as an SEO and SEM agent to support Sony, Casio customers to get ads exposure on Google, Baidu search engine platforms.

## Project Experience

---

### **2018 - 2021: Microsoft 365 Deployment & Azure Retention Outreach**

- a. **Program Design & Funding Coordination:** Scoped the outreach & secured internal funding.
- b. **Customer Engagement Strategy:** Structured outreach calls to gather insights on usage scenarios, deployment status, and churn risks. This included tracking reach rates and categorizing customer responses for follow-up actions.

### **2015: 21V Gallacake Presales Landing (Office 365 and Azure in 21V Cloud)**

- a. Led presales workflow design integrating Microsoft Sales Requirements, CRM logging, and routing automation
- b. Delivered enablement training for Gallacake agents on Office and Dynamics sales motions
- c. Supported operational readiness for 21V subscription and billing inquiries

### **2013: Project: Sienna Partner Commerce Team Setup**

- a. Lead Regional Service Center to build Microsoft 365 service knowledge.
- b. Define Office 365 partner escalation process. Enable/drive competency in Microsoft 365 service delivery to Microsoft partners.

## 工作经历

### 2023 - 2025: 全球 AI 质量监测 PM，微软

作为售前数字化转型的 AI 质量规划师，我主导设计并实施了可扩展的 AI 质量监控框架，以评估和提升多模态（聊天、语音）AI 虚拟助手的性能。

#### 框架开发与策略

- 设计并推出用 AI 监控 AI 的质量监测框架，用于评估 AI 聊天机器人在与客户互动行为上的表现。
- 制定 AI Bot 对话失败类型和对话主题的分类体系，按客户角色、意图和产品维度提供结构化洞察。

#### 数据监控与报告

- 构建并与 BI 同事合作维护 Power BI 仪表盘，实时可视化质量评分、客户满意度、解决率和放弃率，支持实时决策。
- 主导对话记录审查与标注工作，将人工反馈嵌入强化学习闭环。

#### 跨职能协作

- 协调 AI Bot 质量工作流，联合工程师和分析师统一分类体系、报告需求和验证流程。
- 推动基于人工反馈的强化学习闭环和反馈接收审查，持续优化机器人行为与用户体验。
- 向工程与规划团队提供战略洞察与每周质量报告，影响产品路线图与自动化优先级。

## 2018 - 2023: 亚洲区售前运营经理(Demand Gen), 微软

负责涵盖印度, 大中华区和澳新市场的销售商机管理与分配自动化策略, 数字销售与渠道合作团队优化商机转化率效果。

- 在中国实现 75% 的销售商机 (Sales Qualified Opportunity) 转化率, 远高于全球平均水平 48%。
- 主导新市场 (如新加坡、新西兰) 上线, 新加坡上线初期销售商机转化率达 100%。
- 通过优化线索质量与路由逻辑, 降低亚洲地区线索拒绝率, 其中中国贡献了该区域 55% 的赢单量。

### ✳ 销售流程设计与执行

- 主导分析并标准化销售线索到商机的转化率, 剔除 \$0 pipeline 和超大交易等异常值, 为各市场建立准确基线。
- 执行商机模板 QA 流程, 确保电销团队遵循正确的商机判断流程与链接, 直接影响 KPI 追踪与赢单归因。

### 🔥 激励机制设计

- 设计多层次激励结构与基于评分卡的激励模型, 涵盖个人与团队绩效, 指标包括商机转化率、客户满意度、及 tele 工作态度等。

## 2014 - 2017: 亚洲售前顾问 & 服务交付经理(Demand Gen), 微软

- 成功在无锡站点落地售前、续约与留存业务团队, 帮助供应商微创团队建立亚太区售前业务。
  - a. 主导新员工培训计划, 帮助团队成员应对复杂客户投诉并提供高质量支持。
  - b. 建立并维护产品与流程知识库, 加快问题解决速度。
- 领导微创团队在商务、售前与续约与留存领域提供卓越客户体验, 售前与留存领域零投诉, 客户满意度调查 5 分占比高达 92%, 远超目标 75%。

## 2012 - 2014: 亚太区升级工程技术主管, Manpower (微软外包)

- 负责微软 Office 365 商务支持, 涵盖 Tier 1 至 Tier 3 及团队主管角色, 全面了解客户支持运营。
- 对接产品组完成复杂的客户升级账单、商务、资质问题。

## 2011 - 2012: SEM, 上海八叉乐广告有限公司, 支持索尼、卡西欧客户在 Google、百度搜索平台投放广告

## 项目经验

---

### 2018 - 2021: Microsoft 365 部署与 Azure 客户续约外呼项目

- **项目设计与资金协调:** 明确外呼项目范围并成功争取内部资金支持。
- **客户参与策略:** 设计结构化外呼流程, 收集客户在使用场景、部署状态及流失风险方面的反馈; 同时跟踪触达率并对客户反馈进行分类, 以便后续跟进与干预。

### 2015: 21V Gallacake 售前落地项目 (Microsoft 365 与 Azure 世纪互联云)

- 主导售前流程设计, 整合微软销售要求、CRM 记录及线索自动化分配机制。
- 为 Gallacake 客服团队提供 Microsoft 365 与 Dynamics 365 销售流程的赋能培训。

### 2013: Sienna 项目 - 合作伙伴商务支持团队建设

- 制定 Microsoft 365 合作伙伴升级处理流程, 确保微软合作伙伴支持团队在 Microsoft 365 合作伙伴支持方面的交付能力。
