邓 蓉

[redacted]

教育背景

新加坡南洋理工大学 国际政治经济学（硕士） 2018 – 2019

复旦大学 国际关系与公共事务学院（本科） 2014 – 2018

工作经历

腾讯云计算（北京）有限公司 2025.06 至今

腾讯元宝 策略产品运营 北京

– 统筹元宝多模态方向的数据和评测策略，搭建多模生成、多模搜索、视觉理解方向的数据和评测链路，设计自动化数据构造、工具调用和自动评估工作流，优化数据生产链路，支持模型效果提升；

– 从0到1搭建数据体系，保障文生图、图生图、文生视频、图生视频基础模型10+版本的链路和效果迭评测，设计Agent工作流提供高质量风格LoRA数据和创意生成链路，保障高效率的主端创意供给；

– 建设VLM Agentic RL的数据构造和工具调用，通过模型生产 + 验真 + Rubrics 提供高质量数据集。

北京字节跳动网络技术有限公司 2022.06 - 2025.06

AI数据策略运营 | Team Leader（连续2年M+/E绩效） 上海

团队管理和业务规划

– 直线管理一个全球base的14人运营团队，建立分工，保障协作，确保业务结果同时支持个人发展。

– 规划团队业务scope，完善流程，提升效率，扩大团队，完善新人培养模式，保障团队的长期发展。

大模型数据策略运营

– 作为中台团队，与字节各个海外算法和产品团队合作，支持VLM、图片和视频生成模型的预训练数据采集和清洗、SFT/RL数据标注和构造、模型评估、应用效果评估的全流程。

– 设计模型数据的采集、标注和评估策略，撰写和优化规则，协调供应商人力资源，追踪模型效果。

– 管理和监督项目的端到端执行，追踪项目进度，支持运营及QA解决潜在项目延期和数据质量风险。

– 2024年共支持了来自不同团队的2个VLM和3个生成模型训练和评测，启动100+个项目，招募全职人员300+人，所有数据项目100%按期交付，提供高质量数据pairs超过160万条，平均数据质94 .94%。

AI产品功能优化

– 为Cici（豆包海外版）的multiagent、联网搜索等策略提供数据，支持了12个小模型的训练和优化。

– 支持CapCut（剪映海外版）智能成片模型训练和评测，优化文案生成、视频包装、片段生成功能。

– 支持PicPic（星绘海外版）在日本的冷启动，招募众测人力进行生图内容创作，提升MAU超过5倍。

北京深演智能科技股份有限公司 2019.07 - 2022.06

AI数据项目运营主管 | 2021年Q3文化之星、2021年度闪耀之星 上海

项目管理

– 服务宝洁、金买利、罗氏制药等客户的营销建模项目，通过电商站内渠道触达和提升购买结果；

– 负责多个算法模型项目的策略设计、工期管理、进度追踪、风险预估、资源整合和策略汇报等；

– 定期组织客户workshop 推荐程序化营销模型和广告玩法，与各个media team开展超过10次workshop。

业务拓展

– 管理超过20个数字化营销项目，负责中等预算客户的数字营销项目运营，包New Balance/Vans/迪卡依等，以优质服务获得客户认可，助力公司拓展预算30W到400W+，并建立持续合作。

专业技能

– 技能：项目管理、团队管理、数据分析、大模型和AI产品数据策略、Prompt Engineering、风格L、Python + Claude Code + Cursor开发脚本/插件/网页

– 语言：雅思7.5，熟练进行全英文工作

Deng Rong (Rachel)

EDUCATION

Nanyang Technological University 2018 – 2019
Master in International Political Economy Singapore

Fudan University 2014 – 2018
Bachelor in Law (Political & Administration Science) Shanghai, China

WORK EXPERIENCE

Tencent | Yuanbao 06/2025 till now
Strategic Data Operations Beijing, China

- Led the end-to-end training and evaluation of Yuanbao multimodal models and effects, developing data annotation and evaluation strategies for image/video generation, image/video search, and VLMs.
- Recruited, coached and managed over 40 external vendors for data services, overseeing data annotation and evaluation execution, while implementing workforce management processes to ensure timely delivery and quality.
- Established a 0-1 data system that facilitated the evaluation and iteration of more than 10 generation models and VLMs, alongside the launch of 30+ LoRA effects and 14 WeChat Moments/Avatar effect (pending launch).
- Designed a viral effects scoring system to gather ideas from various channels, guiding the selection anddevelopment of new product features.

TikTok | TnS-AI Data Service and Operations 06/2022 – 06/2025
Team Leader Shanghai, China

Team Management

- Led a team of 14 global-based members, set up R&R, defining team scope, setting business goals and strategies.
- Expanded team proactively, implement coaching systems, and ensured opportunities for personal development.
- Standardized workflows to enhance efficiency, monitored process and provided support to guarantee results.

Model Data Strategy & Operations

- Managed the end-to-end pipeline for VLM, T2I, and T2V models—including pre-training data collection and cleaning, SFT/RL data annotation and construction, fine-grained model evaluation etc.
- Developed data strategies, authored and refined guidelines, and coordinated the recruitment of vendor resources.
- Oversaw end-to-end project execution, addressing potential delays and quality risks to ensure smooth operations.
- In 2024, supported 2 VLM and 3 generative modes, launched over 100 projects, onboarded over 300 full-time vendor personnel, and delivered over 1.6 million data pairs with an average accuracy of 94.94%.

AI Product Feature Optimization

- Contributed to the optimization of Cici multi-agent and web search features with over 1 million data delivered.
- Assisted CapCut intelligent video generation model training and evaluation with over 220k data pairs provided.
- Supported PicPic cold-start in Japan by recruiting crowd-tested creators and artists which increased MAU by 5×.

DeepZero | FMCG AI Ads & Model 07/2019 – 06/2022
Project Supervisor Shanghai, China

Project Management

- Supported P&G, Kimberly-Clark, Roches to develop AI model for targeted audience augmentation and recall.
- Responsible for project negotiation, model plan design, progress tracking, quality monitoring and final delivery.

Business Expansion

- Responsible for the project management and business negotiation of medium domestic clients (2021-2022).
- Successfully expanded budgets from 300k to over 4 million RMB and largely improved company's

SKILLS AND CERTIFICATION

- Skills: Team Management, Project Management, LLM Data Strategy, Prompt Engineering, LoRA
- Language: Mandarin (native), English (proficient)
- Technical: Excel/Google Sheets/Stata/R/Power BI/Tableau/Python
